Manuel Torres Sr.
Kaneka UX -Project
Site Safety Manager

Subject: Tecon Safety on Kaneka UX-Project

Sir

The one thing we at CDI hold dearly, are Safe workers on our projects. Your workers on this project have exhibited behaviors that have resulted in getting your portion of the project work done safely and without incidents. The Supervision and Safety coordinator at the site have always been proactive in their attitudes and work habits. Any issue that has arisen had been taken and handled quickly and results communicated to the Site Management team. We appreciate your Company's efforts and continuing support of our Safety Programs that were in place for the site.

I am also enclosing a quote from our Site Construction Manager Walt Rogers on Tecons Safety Performance:

AS YOU REQUESTED I AM FORWARDING MY OPINION OF TECON SERVICES SAFETY AND PRODUCTION QUALIFICATIONS ON THE KANEKA NUTRIENTS LIMITED PROJECT.

1. I HAVE FOUND THEM TO BE VERY SAFETY ORIENTED AND AWARE
2. I HAVE FOUND THEM TO BE VERY PROFESSIONAL IN THEIR MANNER OF DEALING WITH OTHER SUBCONTRACTORS
3. THEY ARE VERY PRECISE AND PROFESSIONAL IN PERFORMING THEIR SCOPE OF WORK
4. THEY ARE FAIR IN PERFORMING EXTRA WORK

IN CONCLUSION I WOULD RECOMMEND THEM FOR QUOTES ON FUTURE PROJECTS.

WALTER W. ROGERS
CDI ENGINEERING SOLUTIONS
CONSTRUCTION MANAGER

Again, I would like to thank Your Company and your workers for the Job well done. One that has been exemplary in Safe work Behaviors and attitudes on our project site.

Sincerely,

Manuel Torres Sr.
