REF: Innovene USA LLC
CBW Olefins No. 2 Rebuild Project
Subcontract No. E8156-Z0042

Subject: Subcontract Completion

Gentlemen:

This letter is to confirm our conversation from this afternoon at which time I notified you that the project is coming to completion and effective April 8, 2006 your firm's services would no longer be needed.

It is deeply appreciated how quickly your firm responded to getting a contract in place, getting personnel through safety training and then mobilizing. Your firm has done an excellent job and we are looking forward to working with your firm on other projects in the near future.

Regards,
S & B Engineers and Constructors, Ltd.
